

Pitter Patter Arts Health and Safety Policy

HEALTH AND SAFETY POLICY

Our policy is to provide and maintain safe and healthy working conditions, equipment and systems of work for ourselves and all staff and pupils and to provide such information, training and supervision as needed for this purpose. We accept responsibility for others health and safety who may be affected by our activities whilst they are engaged in activities at Pitter Patter Arts.

Where reasonably practicable, this policy will seek to provide and encourage:

- A safe place to work including safe access
- Safe arrangements for the use, handing and storage of equipment
- Sufficient information, instructions, training and supervision to ensure all employees are well equipped to avoid hazards and contribute effectively to health and safety at work Our policy will be kept up to date and ensure our responsibilities are met in relation to:

- Health and Safety at Work Act (1974)
- Management Regulations (1999)
- Other relevant current legislation

It is the responsibility of all staff and volunteers to help maintain the safety and security of the pupils and the dance environment. This includes being aware of risks, knowing appropriate action to take and identifying potential safety issues. Each member of staff has a duty to exercise care and attention, so each teacher and teaching assistant shall:

- Ensure reasonable care is taken during their work activities to avoid accidents or injuries to themselves, pupils and others associated with the school.
- Observe safety instructions and procedures within this document
- Report potential hazards to Chloe Edwards-Wood (Lead)
- Report all accidents in the appropriate manner on the correct accident form.
- Accidents and First Aid

All accidents are to be reported to Chloe Edwards-Wood (Lead) on the correct accident form.

Unless there is good reason, first aid should not be administered without consent of the child's parent/ guardian. A child cannot give consent. If the parent is not on the premises try to phone them. However, if the child is alone and seriously injured deal with this situation immediately. If possible first aid should be administered by a trained first aider.

Provided this does not in itself put a child at greater risk always try to administer first aid with another adult present. Always explain to the child what you are doing and why. Ask the child about allergies and always check, where possible, enrolment forms for information on allergies and medication. For minor injuries you may NOT offer any medication of any kind. If you have doubts about assisting someone with their own medication, seek help.

Any treatment should be as little as necessary without threatening a child's wellbeing.

If a child comes to you for comfort because of a minor injury or fright it is acceptable to offer comfort by putting your arm around them or holding their hand, just make sure:

- You know about the injury and do nothing to make it worse
- Physical contact is what the child wants and is age and developmentally appropriate
- You do your best to stay in sight of other adults.

If a child needs a doctor or hospital phone 999 immediately.

Stay with them to wait for the ambulance, contact their parents, do not drive them to hospital yourself except for in very exceptional circumstances.

Safety Checks

- Equipment: Every piece of equipment must be checked at the start of every class and stored safely. Make sure everything is put away after use.
- Report any damage to equipment to Chloe Edwards-Wood for repair/ replacement

- Equipment must be set up comprehensively, safely and correctly

Dance studio: Checks to be made before class:

- Floors clean and dry, no obvious trip hazards
- Doors and emergency exits are clear

Any problems must be reported straight to and to the care taker on duty.

Pupils:

- Ensure everyone is wearing correct uniform and footwear/removing hazards such as jewellery
- If additional protection e.g. knee pads are ever needed they must be worn or that activity not undertaken.

Fire safety:

Please refer to the Fire Procedures at the venue. Fire Doors must not be opened by parents or children.

If there is a fire alarm during class, please go straight to the nearest exit and do NOT have parents take their child directly - they must remain with the teacher. The teacher will ensure all children are taken out of the nearest fire exit (dependent on the venue).

Security Policy:

Working in public buildings, strangers will come in.

- Do not let them in the class rooms
- If anyone's behaviour gives you cause for concern speak to venue staff immediately, also report to Chloe Edwards-Wood as soon as possible
- Do not let a child leave with anyone who you do not KNOW is supposed to collect them – if unsure, check with the parent named on the register (phone number is on there)

- Do not let a child leave if a child seems uncomfortable with that adult without checking.

All Pitter Patter staff or volunteers are to adhere to this policy, as agreed upon the signing of their contract.

Policy updated: January 2024
